## KEY INFORMATION

In order to ensure the safety of the structure and confirm there are no occupants remaining in the structure prior to fumigation, 4 Less Termite, Inc. and First Class Fumigation REQUIRE keys to be left at the premise during the fumigation.

**The homeowner/agent/tenant or other responsible party MUST leave a key on the property for each and every locked door, which include front doors, back doors, garage doors, bedroom doors, cabinets, safes sheds, etc...**

Cars left in the garage during fumigation MUST be left unlocked with the windows rolled down and trunk left opened or a key MUST be provided.

Please be informed that there is a possibility your fumigation could be cancelled if doors are not left unlocked or keys are not provided. Should this happen, your fumigation will be rescheduled to the next available fumigation date available.
